PROXY STATEMENT

This proxy statement and the accompanying form of proxy are being furnished to the stockholders of Uniroyal Global Engineered Products, Inc., a Nevada corporation (the "Company"), on or about April 27, 2018, in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on June 7, 2018 at 10 a.m., Eastern Daylight Time, at the offices of the Company, 1800 2nd Street, Suite 970, Sarasota, Florida 34236, and any adjournment thereof. Any stockholder who executes and delivers a proxy may revoke it at any time prior to its use by (i) giving written notice of revocation to the Secretary of the Company, (ii) executing a proxy bearing a later date, or (iii) appearing at the meeting, giving notice of revocation of the proxy and voting in person.

Unless otherwise specified, all shares represented by effective proxies will be voted by the proxy holder in favor of (i) the three (3) nominees as directors; (ii) ratification of the selection of Frazier & Deeter to serve as the independent public accountants for the Company for the fiscal year ending December 30, 2018; and (iii) approval of the compensation of the Company's named executive officers. The Board of Directors does not know of any other business to be brought before the meeting, but, as to any such other business, proxies will be voted upon any such matters in accordance with the judgment of the person or persons acting under the proxies.

The cost of soliciting proxies will be borne by the Company. The Company does not intend to retain a proxy solicitor in connection with the Annual Meeting. Brokerage houses, nominees, custodians and fiduciaries will be requested to forward soliciting material to beneficial owners of stock held of record by them, and the Company, upon request, will reimburse such persons for their reasonable out-of-pocket expenses in doing so.

Only holders of record of outstanding shares of the Common Stock, \$.0001 par value per share ("Common Stock") of the Company at the close of business on April 9, 2018, are entitled to notice of, and to vote at, the meeting. Each holder of ordinary Common Stock is entitled to one vote for each share of Common Stock held on the record date, and each holder of Class B Common Stock is entitled to 22 votes for each share of Class B Common Stock held on the record date. There were 17,070,928 shares of Common Stock and 1,619,102 shares of Class B Common Stock outstanding and entitled to vote on April 9, 2018.

When a quorum is present at the meeting, the vote of the holders of a majority of the stock having voting power present in person or by proxy shall decide the action proposed on each matter listed in the accompanying Notice of Annual Meeting of Stockholders except the election of directors, who are elected by a plurality of all votes cast. Abstentions and broker "non-votes" will be counted as present in determining whether the quorum requirement is satisfied. A "non-vote" generally occurs when a nominee holding shares for a beneficial owner does not vote on a proposal because the nominee has not received instructions as to such proposal from the beneficial owner and does not have discretionary powers as to such proposal. The aggregate number of votes entitled to be cast by all stockholders present in person or represented by proxy at the meeting, whether those stockholders vote "For" or "Against" or abstain from voting, will be counted for purposes of determining whether a quorum is present. Abstentions from voting by stockholders and broker "non-votes" are not counted for purposes of determining whether a proposal has been approved.

Howard R. Curd, Howard F. Curd and George Sanchez are also directors of our UK operating subsidiaries. Stewart Quinn is Director of Operations and Finance of our subsidiary, Uniroyal Global Limited, and is also a director of our UK operating subsidiaries.

Committees of the Board of Directors

Among the committees of the Board of Directors are an Audit Committee and a Compensation Committee. The Board of Directors does not have a Nominating Committee.

The Audit Committee recommends to the Board the selection of independent accountants to audit the annual financial statements of the Company, reviews the annual financial statements and meets with the Company's Chief Financial Officer and independent accountants to review the scope and results of the audit of the financial statements and other matters regarding the Company's accounting, financial reporting and internal control systems. The Audit Committee met four times in 2017. The sole member of the committee is Mr. John E. Scates. The Audit Committee consists of independent directors. A copy of the Audit Committee Charter (as amended) is available on the Company's website at www.uniroyalglobal.com/company-profile/audit-committee-charter/.

Report of the Audit Committee

The following report of the Audit Committee does not constitute soliciting material and should not and will not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates this report by reference therein.

The Audit Committee has reviewed and discussed with the Company's independent registered public accounting firm those matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board, or PCAOB, including the matters described in the Statement on Auditing Standards No. 61, as amended, as adopted by the PCAOB.

The Audit Committee has received the written disclosures and the letter from the Company's independent registered public accounting firm, as required by applicable requirements of the PCAOB, regarding the Company's independent registered public accounting firm's communications with the Audit Committee concerning independence, and the Audit Committee has discussed its independence with the Company's independent registered public accounting firm.

Based on the Audit Committee's review of and discussions regarding the Company's audited consolidated financial statements and the Company's internal control over financial reporting with management, the Company's independent registered public accounting firm and the other reviews and discussions with the independent registered public accounting firm referred to in the preceding paragraph, subject to the limitations on the Audit Committee's roles and responsibilities described above and in the Audit Committee charter, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 for filing with the Securities and Exchange Commission.

THE AUDIT COMMITTEE

John E. Scates

The Compensation Committee

The Compensation Committee reviews management's recommendations with respect to salary and incentive compensation of executive officers and other key employees, as well as the Company's benefit plans and arrangements other than stock option plans, and makes recommendations to the Board with respect to such plans. During fiscal 2017 the Compensation Committee did not meet. John E. Scates, Chairman, is the sole member of the Compensation Committee. The Compensation Committee has no formal charter.

Director Nomination Process

As a controlled company, the Company does not currently have an active nominating committee or other committee performing similar functions, nor have we adopted a nominating committee charter. Given our available resources, the Board of Directors has determined that it is in the Company's best interest to have nominations recommended for the Board's selection by a majority of the directors.

In general, when the Board of Directors determines that expansion of the board or replacement of a director is necessary or appropriate, the Board will conduct candidate interviews with members of management, consult with the candidate's associates and through other means determine a candidate's honesty, integrity, reputation in and commitment to the community, judgment, personality and thinking style, residence, willingness to devote the necessary time, potential conflicts of interest, independence, understanding of financial statements and issues, and the willingness and ability to engage in meaningful and constructive discussion regarding Company issues. While diversity may contribute to this overall evaluation, it is not considered by the Board of Directors as a separate or independent factor in identifying nominees for director. The Company may identify candidates through recommendations made by directors, senior management or other third parties. The Board will consider director candidates nominated by stockholders during such times as the Company is actively considering appointing new directors. Candidates recommended by stockholders will be evaluated based on the criteria described above.

Stockholders desiring to suggest a candidate for consideration must do so in accordance with the Company's bylaws and the securities laws, and should send a notice to the Secretary of the Company at the principal executive offices of the Company, and include as to each person whom the stockholder proposes to nominate for election as a director (i) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to and in accordance with Regulation 14A under the Exchange Act and (ii) such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected. No person shall be eligible for election as a director of the Company unless nominated by the Board, or otherwise in accordance with these procedures. Because of the size of the Company and the limited need to seek additional directors, there is no assurance that all stockholder proposed candidates will be fully considered, that all candidates will be considered equally, or that the proponent of any candidate or the proposed candidate will be contacted by the Company or the Board, and no undertaking to do so is implied by the willingness to consider candidates proposed by stockholders.

Board Meetings

During the year ended December 31, 2017, the Board of Directors of the Company held four meetings and acted by written consent in lieu of meeting on three occasions. Each director attended at least 75% of the aggregate of (1) the total number of meetings of the Board (held during the period for which he has been a director) and (2) the total number of meetings held by all committees of the Board on which he served (during the periods that he served). Directors are encouraged to attend annual meetings of stockholders, absent exigent circumstances that preclude their attendance. Where a director is unable to attend an annual meeting in person but is able to do so by electronic conferencing, we will arrange for the director's participation by means where the director can hear, and be heard by, those present at the meeting.

Director Independence

In order to determine which of our directors may qualify as independent directors, we have adopted the director independence standards of NASDAQ. The Board of Directors has reviewed each of the directors' relationships with the Company in conjunction with such standards and has affirmatively determined that Mr. Scates is the sole "independent" member of the Board of Directors within the meaning of such standards.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Exchange Act, requires the Company's officers and directors and persons who own more than ten percent of a registered class of the Company's equity securities to file reports of ownership and changes of ownership with the Securities and Exchange Commission (the "SEC"). Officers, directors and beneficial owners of more than ten percent of the Common Stock are required by SEC regulations to furnish the Company with copies of all reports that they file with the SEC pursuant to Section 16(a) of the Exchange Act. Based solely on a review of the copies of such forms furnished to the Company, the Company believes that during fiscal 2017 its officers, directors and beneficial owners of more than ten percent of the Common Stock were in compliance.

Code of Ethics

Our board of directors has adopted a Code of Business Conduct and Ethics which is applicable to Uniroyal Global Engineered Products, Inc. and to all our directors and officers, including our principal executive officer and principal financial officer.

A copy of the Company's Code of Ethics may be obtained free of charge by making the request to the Company in writing or on the Company's website at <http://uniroyalglobal.com/company-profile/business-conduct-and-ethics-policy/>.

Stockholder Communications with Directors

Stockholders may communicate their comments or concerns in writing to members of the Board of Directors. Any such communication should be addressed to the attention of the Company's Secretary at the Company's principal executive offices. Any such communication must state, in a conspicuous manner, that it is intended for distribution to the entire Board of Directors. Under the procedures established by the Board of Directors, upon the Secretary's receipt of such a communication, the Company's Secretary will send a copy of such communication to each member of the Board of Directors, identifying it as a communication received from a stockholder. Absent unusual circumstances, at the next regularly scheduled meeting of the Board of Directors held more than two days after such communication has been distributed, the Board of Directors will consider the substance of any such communication.

Director Compensation

In past years we did not have a formal plan for compensating our directors. In several years we used shares of our common stock as the sole compensation for the directors. No grants of common stock were issued during our 2016 or 2017 fiscal years. The Board set compensation for the non-employee directors, effective August 1, 2015 at \$500 per month plus \$1,000 for each board or committee meeting attended in person and \$500 for each board or committee meeting held telephonically. Effective November 1, 2015, the Company began paying Teasdale Corporation, which is controlled by Mr. King, a consulting fee of \$2,000 per month for Mr. King's services as Chief Financial Officer of the Company; the total fees paid to Teasdale Corporation in 2017 were \$24,000.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Howard R. Curd, who is Co-Chairman and Chief Executive officer, and majority stockholder, of the Company and is Chairman and Chief Executive Officer of UEP ("Mr. Curd"), holds a senior secured promissory note of the Company in the amount of \$1,470,057, which is secured by all assets of the Company; holds four subordinated secured promissory notes of UEP in the aggregate amount of \$2,000,000 with a maturity date of October 17, 2019; held a subordinated secured promissory note of the Company in the amount of \$125,000, which note has been paid in full; and owns the company that leases to the Company the production facility in Stoughton, Wisconsin.

On November 10, 2014, the Company acquired all of the ordinary common stock of UGEL, which owns the Wardle Storeys companies in the United Kingdom, and the Company's wholly-owned subsidiary, UEP Holdings, LLC, acquired all of the ownership interests in UEP. The operating companies were controlled by Mr. Curd. Such transactions are further described in the Company's Current Report on Form 8-K filed with the SEC on November 10, 2014 and Form 8-K/A filed with the SEC on January 20, 2015. As a result of the transactions, the executive officers of UEP hold the following numbers of Series A Preferred Units of UEP Holdings, LLC: Howard R. Curd – 176,880; Howard F. Curd – 11,101; and George L. Sanchez – 11,101 and the following numbers of Series B Preferred Units of UEP Holdings, LLC: Howard R. Curd – 135,160; Howard F. Curd – 5,826; and George L. Sanchez – 8,326. In addition, Howard R. Curd owns 50 preferred shares of UGEL.

Prior to the acquisition by the Company's subsidiary, UEP was a party to an agreement with a company owned by Mr. Curd, which provided for that company to provide management and administrative services to UEP. The management agreement was assigned to the Company at the time of the acquisition.

During 2013 UEP sold real estate and certain insurance policies for \$2,117,098 to a related party owned by the then majority owners of UEP. The proceeds were used to reduce UEP's term debt and line of credit obligations by the same amount. Additionally, as part of the transaction with the related party, UEP leased the real estate it had sold plus additional land from the related company. The term of the lease runs to October 31, 2033.

Mr. Curd holds four subordinated secured promissory notes dated October 17, 2003, of UEP. The aggregate principal amount of the four notes is \$2,000,000. The notes carry an interest rate of 9.25% per annum. Payment of the principal amount, which was due on October 17, 2013, was deferred, with payment of \$2,000,000 and any other outstanding amounts being due on October 17, 2019. UEP pays an accommodation fee for the deferral of two percent (2%) of the amount of the deferred payment on October 17 of each year until the notes have been repaid in full. The notes are secured by a security agreement providing a lien on all of the assets of UEP. The lien is subordinated to the lien of UEP's senior lender. Mr. Curd also holds a demand note of UGEL in the principal amount of \$225,000 and a demand note of the Company in the amount of \$47,000.

UEP is a party to an agreement with its managers, Howard R. Curd and Howard F. Curd, and its former shareholders, who are officers of UEP, including Howard R. Curd, Howard F. Curd and George L. Sanchez, whereby the managers and shareholders granted consents and waivers in connection with certain organizational documents of UEP to permit the acquisition of UEP by the Company's subsidiary, UEP Holdings, LLC; the agreement also provides for the indemnification of the former shareholders of UEP for any proceedings in connection with tax claims arising prior to the closing of the acquisition.

On April 1, 2018, Mr. Curd purchased from the Company a life insurance policy on his life for the cash surrender value of the policy.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

Overview

This Compensation Discussion and Analysis is intended to describe the material factors underlying the compensation policies and decisions of the Company with regard to compensation paid to our executive officers in fiscal 2016 and 2017. The Compensation Committee oversees the Company's executive compensation and recommends to the Board of Directors compensation for the named executive officers. The Compensation Committee receives input and recommendations when requested from our executive officers.

Howard R. Curd, our CEO, and Howard F. Curd, the President, and George L. Sanchez, the Executive Vice President of Uniroyal Engineered Products, LLC ("UEP"), do not have written employment agreements with the Company but do have written employment agreements with UEP. Those agreements are described below.

Mr. Edmund King, our CFO, does not have a written employment agreement and works on a part-time basis for the Company. The Company paid \$24,000 to a company controlled by Mr. King as consulting fees during each of fiscal 2016 and fiscal 2017.

Our compensation philosophy for our executive officers has been shaped by our previous history of lack of long-term financing and severe shortage of operating capital. Accordingly, our compensation decisions and particularly our approach to allocating compensation between cash and non-cash elements of the compensation package reflect our goal to preserve cash whenever possible. In making our compensation decisions, we strive to be aware of the level of compensation which is paid to executive officers of various companies that we consider to be comparable to us in size. Our goal is for the compensation paid to our named executive officers to be at or below the fiftieth percentile of the companies that we have identified as being comparable companies and for our named executive officers of our operating subsidiaries to be at the upper quartiles of comparable companies in the industries in which our operating subsidiaries compete.

For our operating subsidiaries, our executive compensation program contains three components, which are intended to reflect the Company's compensation philosophy.

Base Salary. Base salary and adjustments to base salary are set by employment agreements with Messrs. Howard R. Curd, Howard F. Curd and George Sanchez. The base salaries for executive officers are targeted at the upper quartiles of the competitive market. For this purpose, the Compensation Committee will review and consider the salary ranges of executive officers in comparable positions at companies comparable to the Company in various industries. The Compensation Committee's practice is to review the base salary of each executive officer annually, at which time the executive officer's base salary may be increased beyond the contractually mandated incremental increases based upon the executive officer's individual performance and contributions to the Company.

Annual Bonus. The executive officers of the Company's operating subsidiaries, as well as a number of other key employees of the Company's operating subsidiaries, are eligible for an annual cash bonus pursuant to the Company's Management Incentive Plan (the "MIP"). Target annual bonus amounts for the executive officers will be established early in the fiscal year by the Compensation Committee. For this purpose, the Compensation Committee will review and consider bonus amounts awarded to officers of companies in comparable positions in various industries comparable in size to the Company and also considers Company performance and the achievement of each executive officer in his area of responsibility and the resulting contribution to overall corporate performance. Under the MIP the Compensation Committee has discretion to adjust an individual's actual bonus payment from the amount that would otherwise be payable under the formula, subject to approval by the full Board of Directors.

Long-Term Incentives. The executive officers of the Company and other current members of management and other key employees have been granted and currently hold stock options pursuant to the Company's 2015 Stock Option Plan. The Company's stock option plan is intended to provide opportunities for stock ownership by management and other key employees, which will increase their proprietary interest in the Company and, consequently, their identification with the interests of the stockholders of the Company. Stock options granted under the 2015 Stock Option Plan have exercise prices equal to the fair market value of the Company's Common Stock on the dates of grant. The stock options have a ten-year term and vest annually over three years.

Option Grants. Stock options were granted in fiscal years 2015 and 2016. No stock options were granted in fiscal year 2017.

Perquisites. Consistent with our philosophy to preserve cash, we have sought to limit perquisites. Our current policy for paying medical and dental insurance is not to pay insurance premiums. Our policy is not to pay for life insurance, long-term and short-term disability insurances and accidental death and dismemberment insurance. Our policy with regard to unused vacation for our executive group is to pay at the base salary rate for vacation not used during the calendar year of termination. Our operating subsidiaries do provide perquisites to their executive officers.

Change in Control Severance Policy. None.

Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended generally disallows a tax deduction to publicly held companies for compensation to the chief executive officer and the four other most highly compensated executive officers to the extent that it exceeds \$1 million per covered officer in any fiscal year. Certain exceptions are provided for non-discretionary, performance-related compensation. The Company's stock option plan has been structured so that any compensation deemed paid in connection with the exercise of options granted under such plan will qualify as performance-based compensation. The Compensation Committee will review the effects of Section 162(m), from time to time, as it reviews changes in the compensation arrangements, to the extent it deems appropriate. The Compensation Committee may recommend payments that are not deductible when it considers them in the best interests of the Company and its stockholders.

None of the foregoing officers has exercised any options. The number of shares covered by vested stock options is shown in the second column of the immediately preceding table.

Equity Incentive Plans

The 2015 Stock Option Plan (the "2015 Plan") was approved by the Board of Directors on April 29, 2015 and by the stockholders on June 25, 2015. The purpose of the 2015 Plan is to afford certain key persons who are responsible for the continued growth of the Company an opportunity to acquire a proprietary interest in the Company and thus to create in such persons an increased interest in and a greater concern for the welfare of the Company. The 2015 Plan provides for grants of options during a ten-year period. The maximum number of Shares that may be purchased pursuant to the exercise of options granted under the 2015 Plan in the aggregate is one million (1,000,000) shares of Common Stock, and no individual may receive grants in any single fiscal year that exceed one hundred thousand (100,000) shares in the aggregate. Shares to be acquired under the 2015 Plan may be either authorized but unissued shares, shares of issued stock held in the Company's treasury or both, at the discretion of the Company. If and to the extent that options granted under the 2015 Plan expire, become unexercisable or terminate without having been exercised, the Shares covered by such expired, unexercisable or terminated options may again be subject to an option under the 2015 Plan. The 2015 Plan became effective on its approval by the stockholders and will terminate as to new grants on June 25, 2025.

The exercise price of Shares covered by the options will be the closing price of the Shares on the date of the grant.

The 2015 Plan is administered by a committee of one or more members of the Board of Directors appointed by the Board (the "Committee"). The members of the Committee are Messrs. Curd and King. The Committee has the authority, in its discretion, to determine the persons to whom options shall be granted, the time when such persons shall be granted options, the number of shares of Common Stock that will be subject to each option, the purchase price of each share of Common Stock which shall be subject to each option, the period(s) during which such options shall be exercisable (in whole or in part), and any other terms or provisions of the options. Options may be granted to officers, directors and executive, managerial, professional, technical or administrative employees of, and consultants to, the Company, a subsidiary of the Company or a joint venture of the Company.

Upon the exercise of an option under the 2015 Plan, the Company will cause the purchased Shares to be issued only when it has received the full purchase price for the Shares in cash or, where permitted by applicable law, delivery of Common Stock owned by the holder having a fair market value equal to the cash exercise price, according to procedures approved by the Committee. An option under the 2015 Plan may not be exercisable after the expiration of 10 years from the date the option is granted (or in the case of an incentive stock option granted to a person who at the time the option is granted owns more than 10% of the voting stock in the Company, the option may not be exercisable after the expiration of 5 years after the date of grant). The Committee has the right to accelerate in whole or in part, from time to time, conditionally or unconditionally, rights to exercise any option granted under the 2015 Plan. To the extent that an option is not exercised within the period of exercisability, it will expire as to the then unexercised part.

If a grantee is discharged (or the grantee's services are terminated) for cause, any option granted under the 2015 Plan will, unless otherwise specified by the Committee, forthwith terminate with respect to any unexercised portion thereof. For the purposes of the 2015 Plan, the term "for cause" means (a) with respect to an employee who is a party to a written employment agreement with, or, alternatively, participates in a benefit plan of the Company or a subsidiary of the Company, which agreement or plan contains a definition of "for cause" or "cause" (or words of like import) for purposes of termination of employment thereunder by the Company or such subsidiary corporation of the Company, "for cause" or "cause" as defined therein; or (b) in all other cases, (i) any dishonest act, (ii) any act which adversely reflects upon the integrity of that person or the Company, (iii) failure to implement and carry out policies set by the Board or management, (iv) insubordination and/or continued unauthorized or unexcused absence from duty, (v) any conduct which, in the opinion of the Company's Board, reflects adversely upon the Company's image in the community, (vi) engaging in conduct of an harassing or discriminatory nature in violation of the Company's policies or the law, (vii) failure to perform the duties competently, correctly and completely to the satisfaction of the Board and pursuant to the direction of the Board after notice, (viii) participation in a crime, a diversionary program to avoid a criminal proceeding, or a plea of guilty or no contest to, or conviction of a crime, (ix) an arrest for a crime involving moral turpitude, (x) bad acts or failures in an optionee's employment position, which would include participation in dishonest, disloyal or unethical conduct or otherwise performing at a level unacceptable to the Board, (xi) misrepresentation or participation in activities or conduct that may impair the reputation or standing of the Company or may tend to bring upon the Company or the optionee embarrassment, ridicule or disrepute, (xii) a material failure to perform the duties of the optionee's position which the optionee fails to cure within 30 days after the Company provides the optionee with written notice of such failure and an opportunity to cure any curable failure, (xiii) upon failing the Company's criminal background screening or drug testing; (xiv) insubordination, which includes violation of Board or Company policy or Board directive to the optionee, or (xv) ineffectiveness in the optionee's position.

In general, if a grantee's employment with the Company is terminated (or the grantee's services are terminated) for cause, any unexercised options will expire immediately. If the grantee is dismissed for reasons other than cause, the grantee will have three months in which to exercise any remaining vested options under the 2015 Plan. In the event of the grantee's death before the grantee's employment with the Company is terminated, the grantee's estate or heir will have a year to exercise his vested options after his death. The Committee may modify these general rules in the specific terms of a grant.

No option granted under the 2015 Plan will be transferable, whether by operation of law or otherwise, other than by will or descent and distribution, and any option granted under the 2015 Plan will be exercisable during the lifetime of the holder only by such holder, unless the Committee in the terms of the grant permits a transfer to an immediate family member or a trust for immediate family members.

The number of Shares subject to the Plan and any option granted under the Plan may be adjusted by the Board of Directors to reflect changes in the capitalization of the Company. In the event of a "change of control" of the Company (acquisition by another entity of more than 50% of the combined voting power of all classes of stock of the Company normally entitled to vote in the election of directors, approval by the Board of Directors of the sale of all or substantially all of the property or assets of the Company, or approval by the Board of Directors of the consolidation or merger of the Company with another corporation, the consummation of which will result in more than 50% of the total combined voting power of all classes of stock of the Company being acquired by another entity), then all outstanding options immediately become exercisable, and the exercise period may be extended.

The Board of Directors may, from time to time, amend the 2015 Plan, provided that no amendment shall be made without the approval of the stockholders of the Company, that will (a) increase the total number of Shares reserved for options under the Plan (other than an increase resulting from an adjustment by reason of a change in the capitalization of the Company), (b) reduce the exercise price of any option, (c) modify the provisions of the Plan relating to eligibility, or (d) materially increase the benefits accruing to participants under the Plan. The Option Committee is authorized to amend the 2015 Plan and the options granted thereunder to permit the options granted thereunder to qualify as incentive stock options within the meaning of Section 422 of the Code and the Treasury Regulations promulgated thereunder. The rights and obligations under any option granted before any such amendment may not be adversely affected by amendment of the 2015 Plan or the option without the consent of the holder of such option.

The Board of Directors amended the 2015 Plan on July 30, 2015 to ensure that eligibility for grants of stock options under the 2015 Plan was extended to all employees who contribute to the success of the Company and its subsidiaries, including both those who are employed inside the United States and those who are employed outside the United States; to limit application of provisions of the 2015 Plan that would violate laws or regulations of foreign countries in which the employees of the Company or its subsidiaries might be living at the time of option issuance or exercise; to clarify that an employee will be considered as continuously employed for purposes of option vesting and expiration of the option only until the date that the employee stops active employment; to ensure that employees of the Company's non-corporate subsidiaries are permitted to participate in the 2015 Plan; to eliminate mandatory 100% vesting on an employee's reaching age 65, in order to prevent potential violation of age discrimination laws in non-U.S. countries; and to correct typographical errors.

401(k) Savings Plan

We do not have a 401(k) savings plan. UEP maintains a qualified defined-contribution plan with a 401(k) investment option for our U.S.- based employees. UEP does not make matching contributions to its employees' 401(k) plan accounts.

Limitation of Liability and Indemnification of Officers and Directors; Insurance

Our officers and directors are indemnified to the fullest extent provided by Nevada law.

We maintain a policy of directors' and officers' liability insurance to indemnify our directors and officers with respect to actions taken by them on our behalf.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers, or persons controlling our company pursuant to the foregoing provisions, we have been informed that, in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in such Act and is therefore unenforceable.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

At the 2015 Annual Meeting the Company's shareholders in an advisory vote approved the compensation of the Company's named executive officers and holding future advisory votes on such compensation every three years. As required by Section 14A of the Securities Exchange Act, we are providing stockholders with the right to vote to approve, on an advisory (nonbinding) basis, the following resolution relative to compensation of our named executive officers:

"RESOLVED, that the stockholders approve the compensation of the Company's named executive officers as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, compensation tables and any related material disclosed in this proxy statement."

As described in the "Compensation Discussion and Analysis" section of this proxy statement, our executive compensation philosophy is designed to provide a pay for performance compensation package, targeted at top market levels, to our named executive officers, in order to attract, retain and motivate the key executives who are directly responsible for our continued success.

This proposal to approve the resolution regarding the compensation of our named executive officers requires the affirmative vote of the holders of a majority of the Common Stock present, represented and entitled to vote at the Annual Meeting. Because this vote is advisory, it will not be binding on the Company or the Compensation Committee; however, the Board of Directors and the Compensation Committee will review the voting results and take into account the outcome of the vote when considering future executive compensation matters. The Board's current policy is to include an advisory resolution regarding approval of our named executive officers every three years. Accordingly, unless the Board modifies its policy on the frequency of future votes, the next advisory vote to approve our executive compensation will occur at the 2021 Annual Meeting of Stockholders.

OTHER MATTERS THAT MAY COME BEFORE THE MEETING

Management of the Company knows of no matters other than those stated above which are to be brought before the meeting. However, if any such other matters should be presented for consideration and voting, it is the intention of the persons named in the proxy to vote on such matters in accordance with their judgment.

STOCKHOLDER PROPOSALS FOR 2019 ANNUAL MEETING

Pursuant to Exchange Act Rule 14a-8, proposals by stockholders intended to be presented at the 2019 annual meeting must be forwarded in writing and received at the principal executive offices of the Company not later than January 11, 2019, directed to the attention of the Secretary, for consideration for inclusion in the Company's proxy statement for the Annual Meeting of Stockholders to be held in 2019 (provided, however, if the date of the 2019 annual stockholders' meeting has been changed by more than 30 days from the date of this year's annual meeting, then the deadline is a reasonable time before the Company begins to print and send its proxy materials for the 2019 annual meeting). Any such proposals must comply in all respects with the rules and regulations of the Securities and Exchange Commission.

Our bylaws also establish an advance notice procedure with regard to director nominations and stockholder proposals that are not submitted for inclusion in the Company's proxy statement, but that a stockholder instead wishes to present directly at an annual meeting. To be properly brought before the 2019 annual meeting of stockholders, a notice of the nomination or the matter the stockholder wishes to present at the meeting outside of Rule 14a-8 under the Exchange Act must be forwarded in writing and received by the Secretary of the Company at the principal executive offices of the Company not earlier than December 14, 2018 and not later than January 11, 2019 (provided, however, that if the 2019 annual meeting of stockholders is to be held on a date that is not within 30 days before or later than 70 days after the one-year anniversary of this year's annual meeting date, the stockholder's notice in order to be timely must be forwarded in writing and received by the Secretary of the Company at the principal executive offices of the Company not later than the close of business on the tenth day following the public disclosure of the date of the 2019 annual meeting of stockholders).

By Order of the Board of Directors,

Sarasota, FL
